# WINE

---

*At Fox and Pearl, we focus on traditional cooking techniques that enhance the work of our farmers.*

*Our wine program employs the same principles.*

*We showcase producers who practice low-intervention wine making, and utilize sustainable, organic, or biodynamic farming.*

*“Great wine can best be achieved when the earth, the grower, and the grape work together with minimal intervention. We search for wines that embody and celebrate that harmony.”*

*~ Garrett Jones, Beverage Director*
